Фишинг & Дрейнер

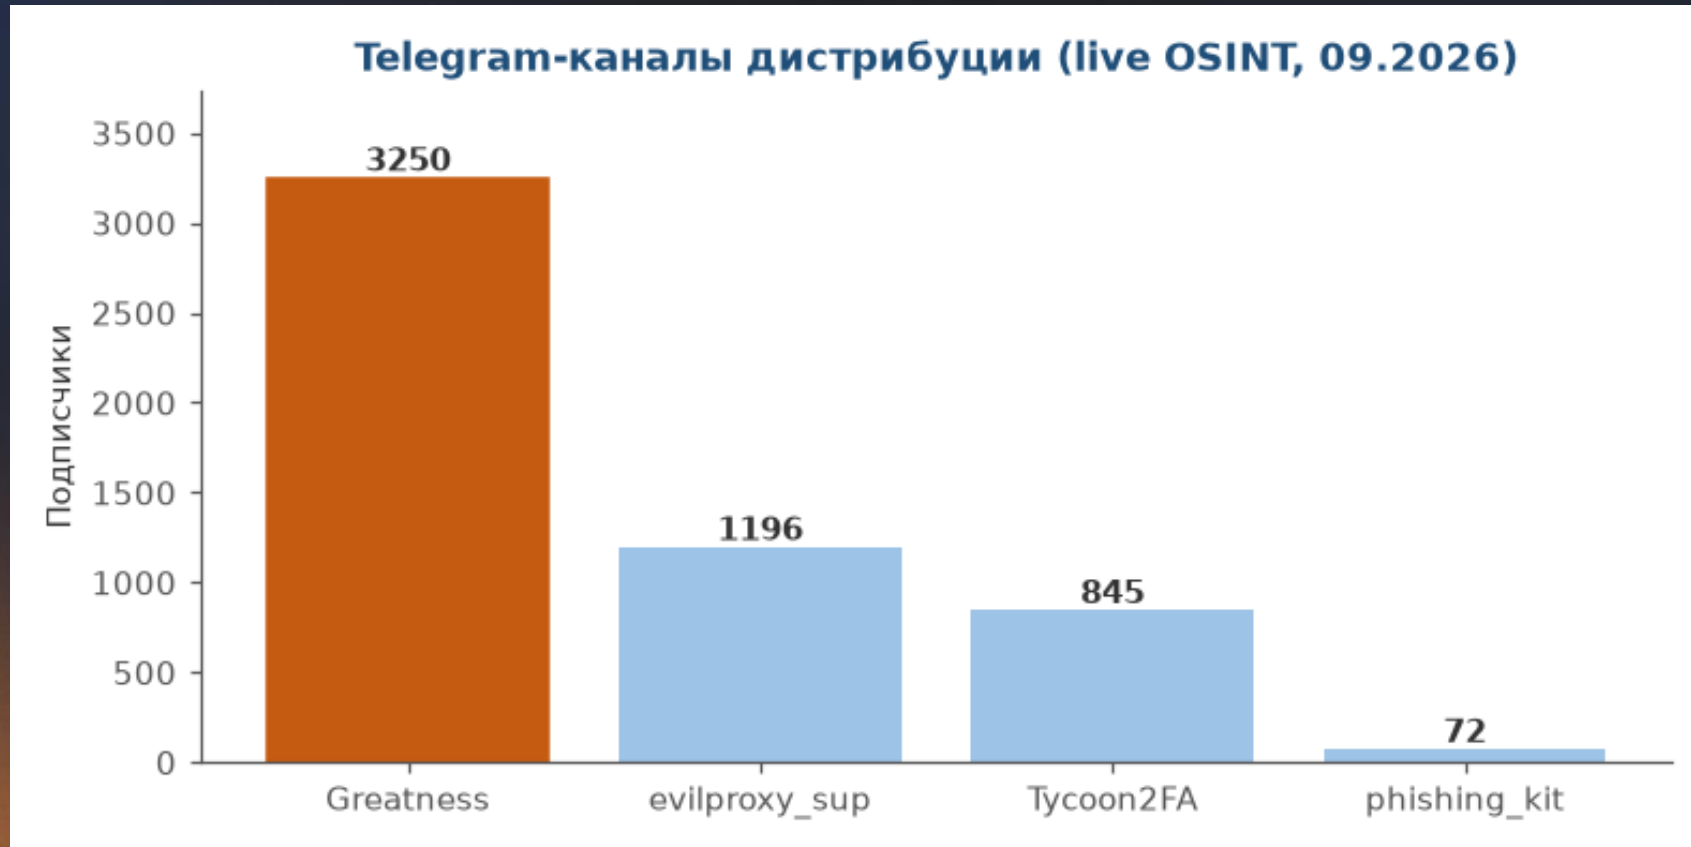

Автоматическая система фишинга!
Клоакинг, уникализация дизайнов полный контроль!
Фишинг - 100+ дизайнов - полная отчетность! Наша система автоматически проверяет данные и присылает скрины с TrustWallet и SafePal.
Дрейнер Solana - человек апрувает все монетки - у каждого работника свой и бот и полная отчетности!
Дрейнер ETH - автоматически снимает основную монету
Drainer через смарт контракт
Автоматически выводит либо монету ETH, либо токены , либо NFT. Выводит в зависимости от того, что стоит дороже.

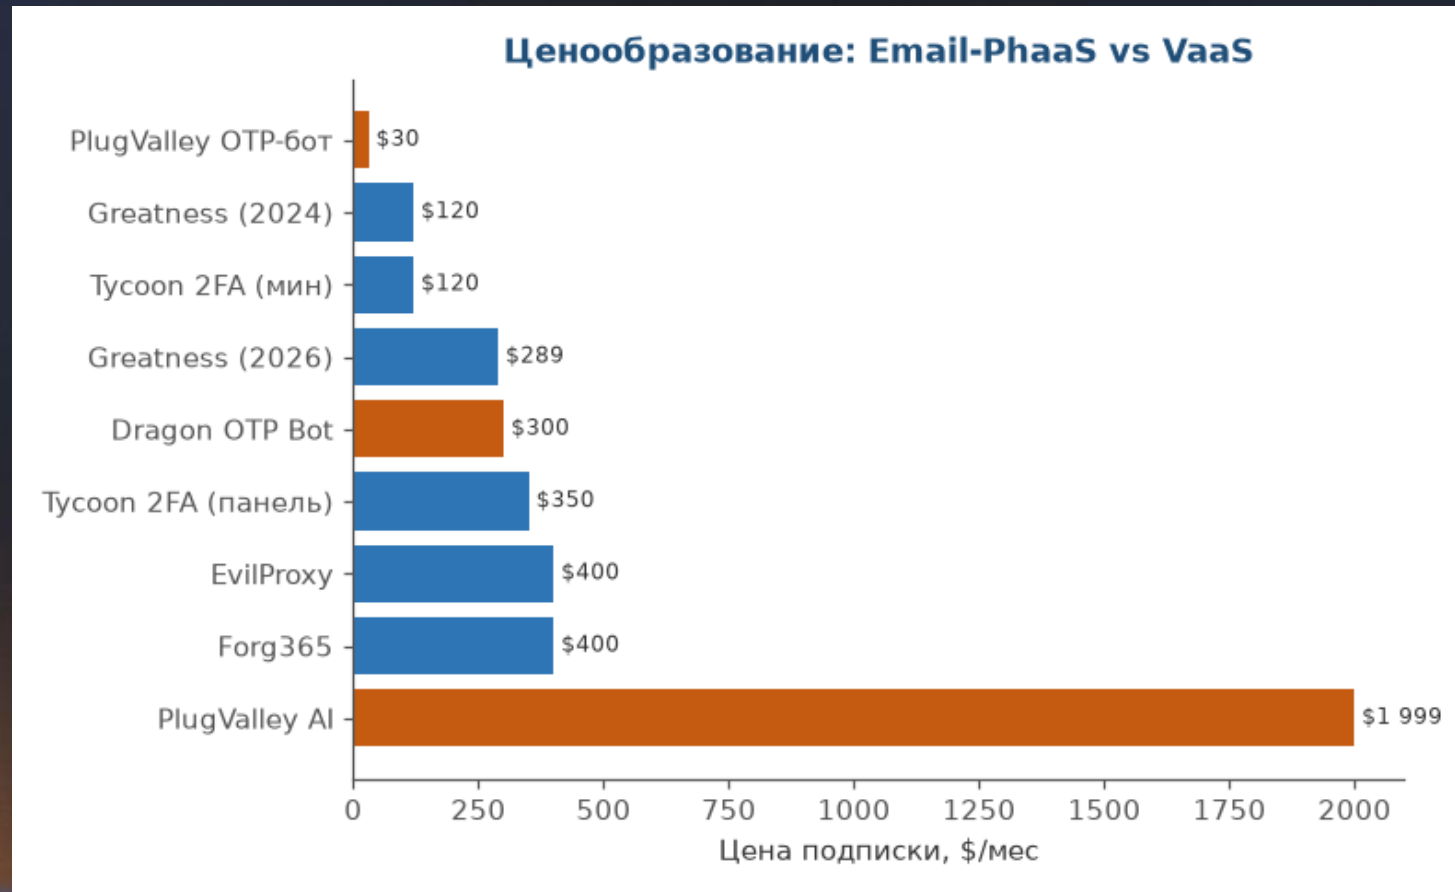

Доля рынка AiTM-PhaaS

Региональный рынок киберугроз

Метрика	Значение
Доля соинженерии в хищении средств клиентов финорганизаций	>94%
Доля фишинга (сайты/приложения) в тех же инцидентах	~4%
Фишинговые сайты банков/инвесткомпаний (доля ресурсов, по которым ЦБ принимал меры)	43%
Заблокировано переходов по фишинговым ссылкам	554 млн
Заблокировано вредоносных вложений	144,7 млн
Доля спама в почтовом сегменте РФ	43,27%
Россия — источник мирового объёма спама	32,5%
Выявлено фишинговых сайтов	38 418

Ландшафт вредоносного ПО

Тип ВПО	Доля заражений
Стилеры (infostealers)	36%
APT-инструменты	27%
RAT/средства удалённого доступа	19%
Ботнеты	8%
Майнеры	4%

Auto-Escrow

Automated Middleman Service

Total Escrows	Total Amount Escrowed	My Commissions Rate
0	\$0	5.00%

Start a New Escrow

Create a secure escrow transaction with another party. Define terms, set conditions, and transact with confidence.

Escrow Guide

Learn how our escrow service works.

- Our escrow service provides a secure way to transact with unknown parties. The funds are held by a trusted third party until all conditions are met.
 - Buyer sends funds to escrow
 - Seller delivers goods or services
 - Buyer approves the delivery
 - Funds are released to the seller

[Read Full Guide](#)

Safety Guide

Stay safe while using our escrow service.

- Follow these safety tips to ensure a secure transaction experience with our escrow service.
 - Verify the identity of the other party
 - Use clear terms and conditions
 - Never share your private keys
 - Report suspicious activity immediately

DarkGPT

The AI they don't want you to use. No filters. No censorship. Just raw intelligence at your command.

Designed for unrestricted knowledge, DarkGPT unlocks the true potential of artificial intelligence, pushing the boundaries of what is possible. Power beyond limits, without barriers.

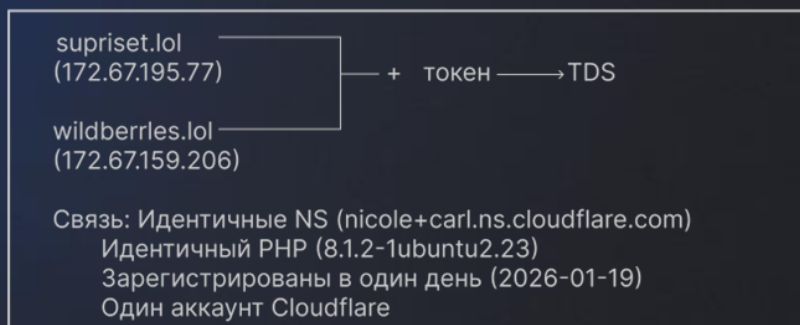

🌐 DarkGPT is available in most languages, ensuring accessibility for users worldwide.

What Makes DarkGPT Different?

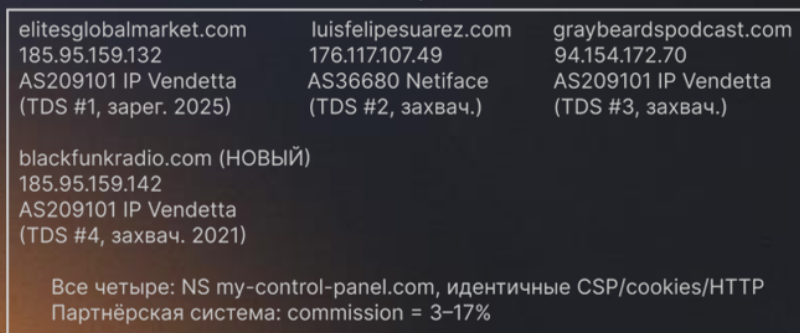

- ⚡ No content restrictions – access everything.
- 🔒 Built for the underground – cutting-edge AI with no rules.
- 🔒 Privacy first – zero logs, full anonymity.
- 🚀 Unparalleled speed and efficiency.
- 🌐 Dark knowledge – explore without limits.
